Candy Luster Red

FEATURES

ALL LED LIGHTING SYSTEM

High-quality LED lighting cluster characterized by large position lights flaunting its signature lightning look and design giving it a more dynamic and sporty feeling.

FULL DIGITAL METER PANEL

A modern and sleek meter panel design with cutting edge display that's easy to read. It includes information on fuel consumption and trip meter helping riders monitor their every ride.

NEW USB CHARGER (TYPE A)

Equipped with a waterproof cover inside the luggage box. The charging port output is 2.1A which makes charging phones more convenient enhancing the customer satisfaction in every ride.

HONDA SMART KEY (TYPE A)

Integrated with Answer Back System and Anti-Theft Alarm, it helps increase convenience in locating the vehicle and peace of mind for customers.

LARGE LUGGAGE BOX

A large 23.2-liter storage compartment allowing to store quarter helmet (may vary depending on size and design) as well as other personal items while keeping the slim design. It is also equipped with an LED lamp, making it easy for customers to find items used in low light conditions.

3D EMBLEM

A sophisticated design that makes the bike stylish and elegant.

NEW TWO-TONE LEATHER SEAT

A more elegant and premium design that makes you stand out on the road.

IDLING STOP SYSTEM (ISS)

Automatically switches off the engine after 3 seconds of being stationary to reduce fuel consumption making it fuel efficient. The engine automatically turns on again once throttle is rotated.

ANTI-LOCK BRAKING SYSTEM (ABS)

Equipped with 1-Channel ABS for the front wheel to prevent wheel locking and increase stability, especially in case of sudden braking or when travelling on wet slippery roads, providing more safety to user.

TWIN SHOCK REAR SUSPENSION

A cutting-edge suspension system that effectively absorbs bumps making the experience smoother and less bouncy. It even performs better when carrying heavy load.

NEW GENERATION 157CC ENGINE, 4-VALVE, ESP+

The biggest highlight in this new model is its cutting edge and revolutionary engine. With 157CC, riders now have a more powerful and exhilarating experience on the road.
